- WHO & GMP Quality Products

RANGE OF CRITICAL CARE INJECTABLES ⟶

BETA-LACTAMS

RANGE OF INJECTABLES

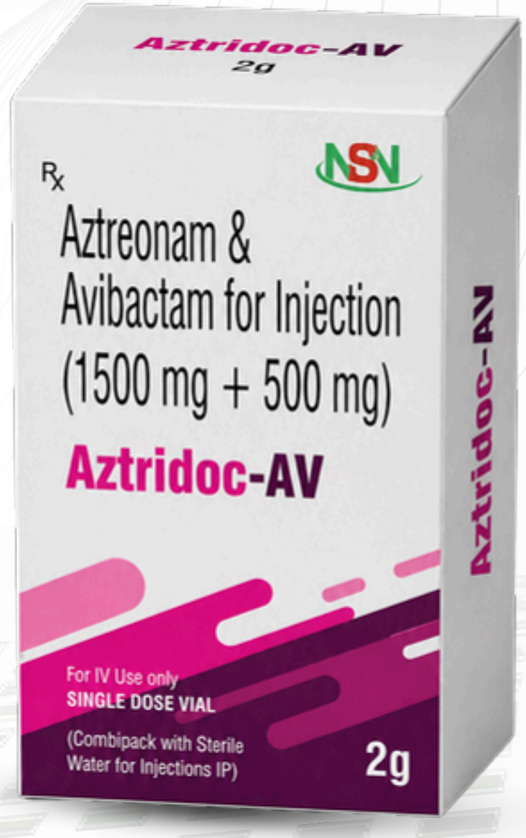

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Rapid Bactericidal Action

Aztridoc-AV

Aztreonam 1500mg + Avibactam 500mg

A novel antimicrobial combination specifically designed to overcome complex Gram-negative resistance mechanisms, including Metallo-β-Lactamase (MBL) producing pathogens.

WHY AZTRIDOC-AV?

- ✔ Dual protection against MBL and serine β-lactamases
- ✔ Critical weapon against MDR infections
- ✔ Unique resistance-breaking combination
- ✔ Valuable salvage therapy

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Renal Enzyme Protection

IMIDOC-500

Sterile Imipenem IP eq. to Anhydrous Imipenem 500mg,
Sterile Cilastatin Sodium IP eq. to Cilastatin 500mg

Imipenem provides rapid bactericidal activity against a broad range of pathogens, while Cilastatin prevents renal inactivation, ensuring optimal antimicrobial exposure and clinical efficacy.

WHY IMIDOC-500?

- ✔ Covers Gram-positive, Gram-negative & anaerobic pathogens
- ✔ Cilastatin protects Imipenem from renal degradation
- ✔ Enhanced efficacy and sustained therapeutic levels
- ✔ Reliable coverage where multiple pathogens are suspected

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

β-Lactamase Stability

NS-MERO 500mg | 1g

Sterile Meropenem IP eq. to Anhydrous Meropenem 500mg/1000mg

Meropenem combines potent bactericidal activity, broad-spectrum coverage and exceptional β-lactamase stability, making it a cornerstone therapy for severe and life-threatening infections.

WHY NS-MERO ?

- ✔ Excellent tissue & CNS penetration
- ✔ Highly resistant to most β-lactamases
- ✔ Effective in Polymicrobial Infections
- ✔ Effective against complicated hospital-acquired infections

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Rapid Bactericidal Activity

NS Mero Plus

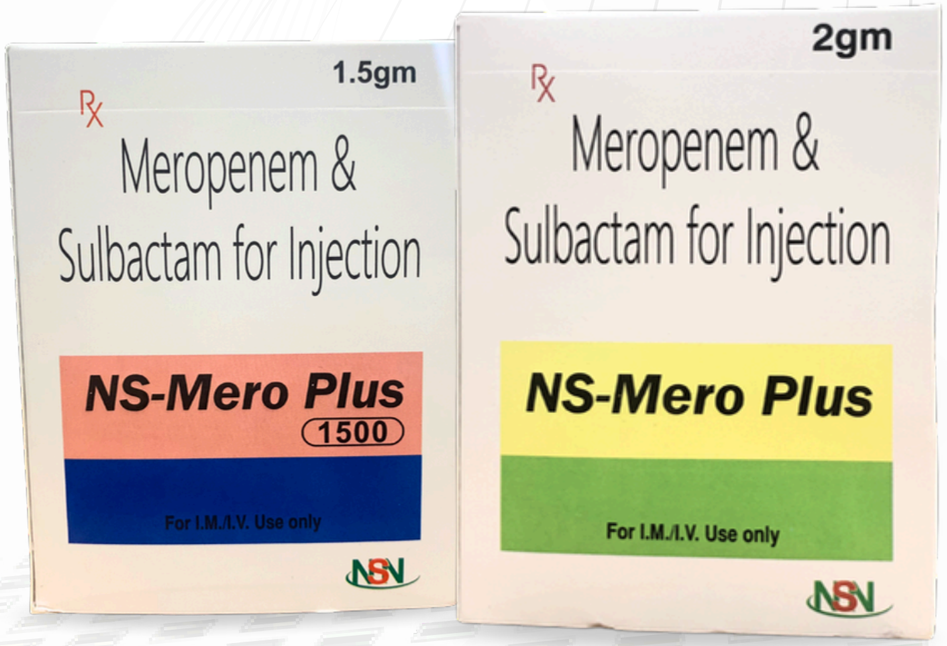

1.5gm | 2gm

Meropenem 1000mg, Sulbactam 1000mg;
Meropenem 1000mg, Sulbactam 500mg

Meropenem provides rapid bactericidal activity while Sulbactam enhances antimicrobial coverage by inhibiting β-lactamase enzymes, delivering greater confidence against resistant infections.

WHY NS MERO PLUS?

- ✔ Enhanced protection against β-lactamase-mediated resistance
- ✔ Critical care antibiotic with proven efficacy
- ✔ Effective in high-risk sepsis & septicemia
- ✔ Reliable activity against difficult Gram-negative pathogens

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Excellent CNS Penetration

NS Mero TZ

Sterile Meropenem IP eq. to Anhydrous Meropenem 1000mg,
Sterile Tazobactam Sodium IP eq. to Anhydrous Tazobactam 125mg

Meropenem delivers rapid bacterial killing, while Tazobactam protects against β-lactamase-mediated degradation, extending antimicrobial coverage against resistant organisms.

WHY NS MERO TZ?

- ✔ Potent carbapenem bactericidal action
- ✔ Expanded activity against resistant pathogens
- ✔ Broad-spectrum critical care coverage
- ✔ Excellent CNS and tissue penetration

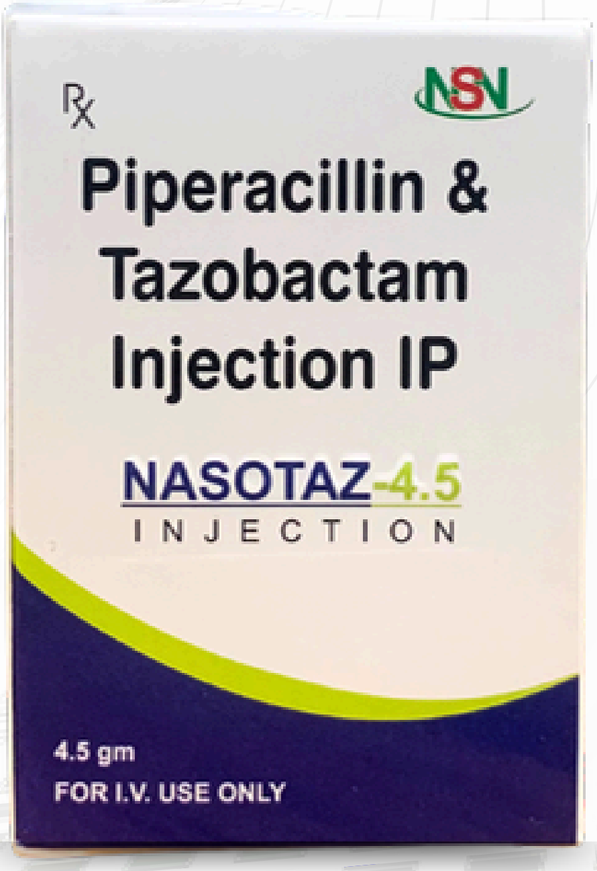

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Ideal Empirical Therapy

NASOTAZ-4.5

Sterile Piperacillin Sodium IP eq. to Piperacillin 400mg,
Sterile Tazobactam Sodium IP eq. to Tazobactam 500mg

Piperacillin provides potent bactericidal activity while Tazobactam protects against β-lactamase-mediated resistance, delivering broad-spectrum coverage for serious and complicated infections.

WHY NASOTAZ-4.5?

- ✔ β-lactamase inhibitor enhanced protection
- ✔ Ideal for severe polymicrobial infections
- ✔ Broad-spectrum bactericidal coverage
- ✔ Enhanced protection against β-lactamase-producing organisms

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Focused Antimicrobial Spectrum

AZIONUM 1gm

Sterile Aztreonam Sodium USP, eq. to Anhydrous Aztreonam 1.0 gm

Aztreonam provides focused Gram-negative coverage with strong anti-pseudomonal activity, excellent CNS penetration and minimal cross-reactivity with other β-lactam antibiotics.

WHY AZIONUM?

- ✔ Effective against *Pseudomonas, E. coli & Klebsiella*
- ✔ Highly stable against many β-lactamases
- ✔ Reliable option for serious Gram-negative infections
- ✔ Valuable in penicillin-allergic patients

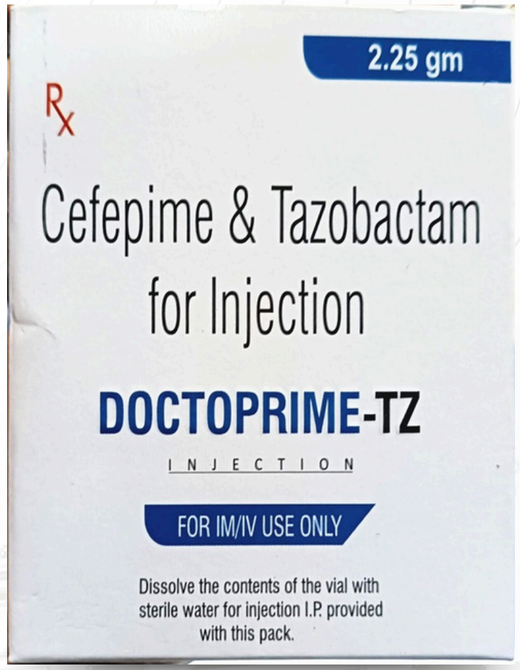

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Excellent Tissue Penetration

DOCTOPRIME-TZ

Cefepime HCl (Sterile) I.P. Eq. to Cefepime 2000 mg (Sterile Mixture of Cefepime Hydrochloride and L-Arginine) Tazobactam Sodium (Sterile) I.P. Eq. to Anhydrous Tazobactam 250 mg

A powerful 4th-gen cephalosporin combined with a potent β-lactamase inhibitor, designed to provide enhanced coverage against serious hospital-acquired and resistant bacterial infections.

WHY DOCTOPRIME-TZ?

- ✔ Enhanced protection against β-lactamase-producing pathogens
- ✔ Broad-spectrum Gram-positive & Gram-negative activity
- ✔ Effective against ESBL-producing pathogens
- ✔ Optimized formulation stability

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

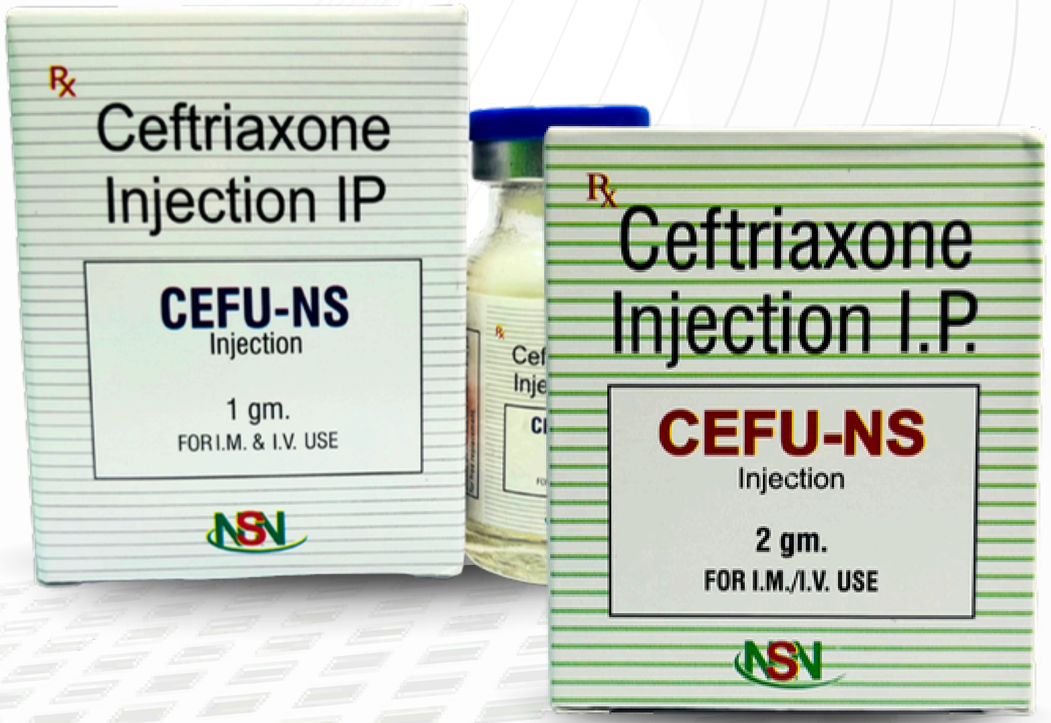

Excellent Tissue Distribution

CEFU-NS

500mg | 1gm | 2gm

Ceftriaxone Sodium IP eq. to Anhydrous Ceftriaxone 500mg/ 1000mg/ 2000mg

A trusted 3rd-gen cephalosporin with broad-spectrum bactericidal activity, delivering rapid and sustained control of serious community-acquired and hospital-treated bacterial infections.

WHY CEFU-NS?

- ✔ Broad-spectrum Gram-positive & Gram-negative coverage
- ✔ Excellent tissue and CSF penetration
- ✔ Proven efficacy in severe systemic infections
- ✔ Proven Surgical Infection Control

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Combat Resistance

CEFU SB

Sterile Ceftriaxone Sodium IP eq. to Anhydrous Ceftriaxone 1.0g,
Sterile Sulbactam Sodium IP eq. to Anhydrous Sulbactam 0.5g

A potent combination of a 3rd-gen cephalosporin and a β-lactamase inhibitor, designed to restore antibacterial activity against resistant organisms and provide broader coverage in serious infections.

WHY CEFU SB?

- ✔ Enhanced efficacy against β-lactamase-producing pathogens
- ✔ Extended activity against resistant organisms
- ✔ Enhanced coverage in polymicrobial infections
- ✔ Valuable option against MDR pathogens

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Potent Bactericidal Action

CEFU-NS TZ

Anhydrous Ceftriaxone IP 1000mg, Tazobactam Sodium IP 125mg

A powerful combination of a third-generation cephalosporin and a β-lactamase inhibitor, designed to deliver broad-spectrum antibacterial coverage while overcoming common resistance mechanisms.

WHY CEFU-NS TZ?

- ✔ Enhanced efficacy against β-lactamase-producing organisms
- ✔ Broader coverage for polymicrobial and complicated infections
- ✔ Excellent tissue and body fluid penetration
- ✔ Reliable empirical therapy option

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Ideal Empirical Therapy

CEFU-NS PLUS

Sterile Ceftriaxone Sodium I.P. eq. to Anhydrous Ceftriaxone 1000 mg, Sterile Sulbactam Sodium I.P. eq. to Anhydrous Sulbactam 500 mg, Disodium EDT (Sterile) I.P. 37.5 mg

Ceftriaxone delivers potent bactericidal activity, Sulbactam inhibits β-lactamases, and EDTA enhances antimicrobial effectiveness against resistant pathogens

WHY CEFU-NS PLUS?

- ✔ Triple-action resistance-focused formulation
- ✔ Ideal empirical therapy when resistance is suspected
- ✔ Valuable option in mixed and drug-resistant infections
- ✔ Inhibits bacterial cell wall synthesis for rapid bacterial killing

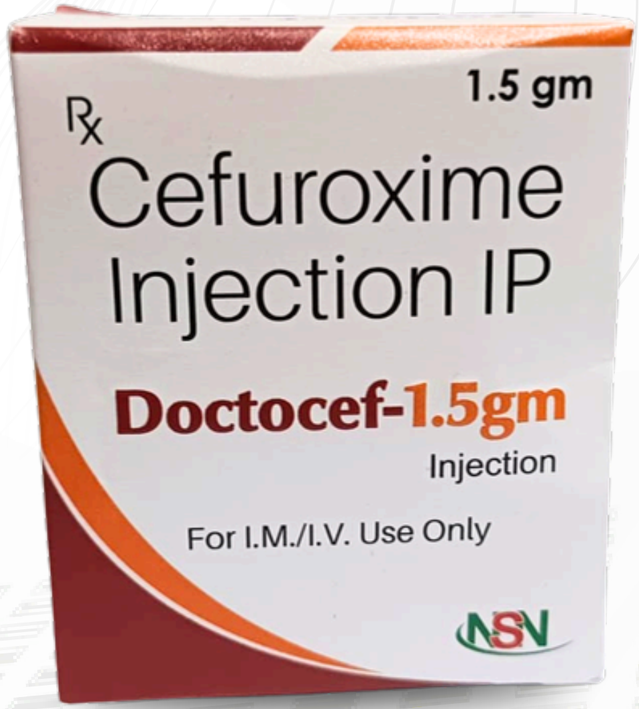

Trusted Hospital Antibiotic

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Doctocef-1.5gm

Cefuroxime Sodium I.P. (Sterile) eq. to Anhydrous Cefuroxime 1500mg

A trusted second-generation cephalosporin providing broad-spectrum parenteral coverage for serious bacterial infections and surgical prophylaxis.

WHY DOCTOCEF-1.5GM?

- ✔ Proven efficacy in surgical prophylaxis
- ✔ Broad-spectrum bactericidal activity
- ✔ Rapid infection control with injectable therapy
- ✔ Helps reduce the risk of post-operative bacterial infections

Broad-Spectrum Coverage

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

NSZONE-1.5g

Sterile Cefoperazone Sodium IP eq. to Cefoperazone 1000mg,
Sterile Sulbactam Sodium IP eq. to Sulbactam 500mg

A powerful third-generation cephalosporin and β-lactamase inhibitor combination designed to combat severe, complicated and resistant bacterial infections with enhanced antimicrobial protection.

WHY NSZONE-1.5G?

- ✔ Enhanced activity against resistant pathogens
- ✔ Valuable in Acinetobacter infections
- ✔ Excellent biliary tract penetration
- ✔ Reliable in immunocompromised patients

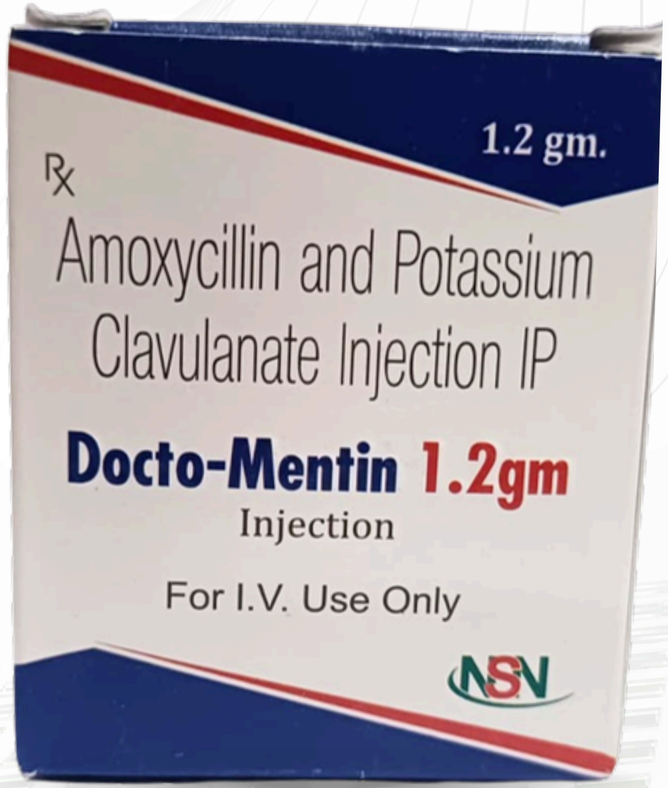

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Proven Clinical Reliability

Docto-Mentin 1.2gm

Amoxycillin Sodium (Sterile) I.P. eq. to Amoxycillin 1000mg,
Potassium Clavulanate (Sterile) I.P. eq. to Clavulanic Acid 200mg

Amoxycillin rapidly kills susceptible bacteria, while Clavulanic Acid neutralizes β-lactamase enzymes, extending coverage against resistant pathogens.

WHY DOCTO-MENTIN 1.2GM?

- ✔ Enhanced protection against β-lactamase-producing bacteria
- ✔ Kills bacteria by inhibiting cell wall synthesis
- ✔ Reliable in respiratory & urinary infections
- ✔ Trusted injectable antibiotic therapy

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Carbapenem-Sparing Option

DOCTO-CEFTA

Sterile Ceftazidime Pentahydrate IP eq. to Ceftazidime 2gm (Sterile blend of Ceftazidime Pentahydrate & Sodium Carbonate) Sterile Avibactam Sodium eq. to Anhydrous Avibactam 0.5gm

Ceftazidime provides potent bactericidal activity, while Avibactam neutralizes key resistance enzymes, restoring efficacy against difficult Gram-negative pathogens.

WHY DOCTO-CEFTA?

- ✔ Trusted choice for HAP, cUTI & cIAI
- ✔ Advanced cephalosporin + β-lactamase inhibitor combination
- ✔ Valuable against ESBL & CRE infections
- ✔ Strong anti-pseudomonal activity

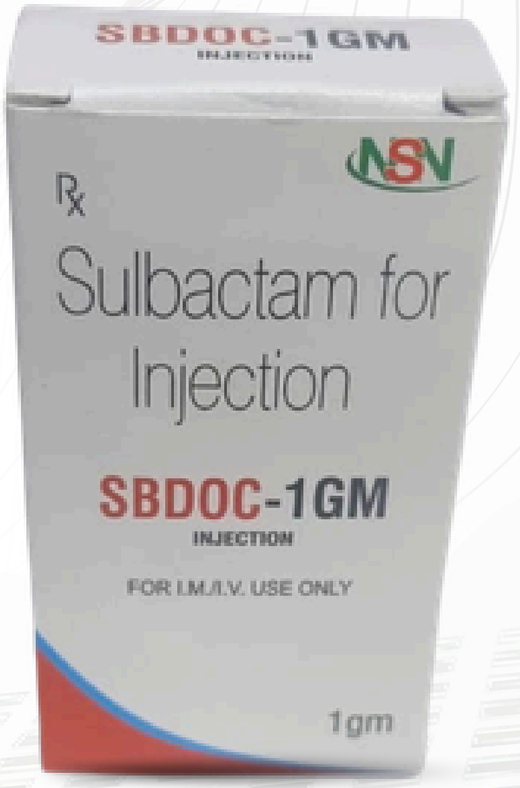

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Expands Antibacterial Coverage

SBDOC-1GM

Sulbactam Sodium (Sterile) IP eq. to Sulbactam 1000mg

A versatile β-lactamase inhibitor with intrinsic activity against Acinetobacter baumannii, designed to restore antibiotic effectiveness and support the management of severe multidrug-resistant infections.

WHY SBDOC-1GM?

- ✔ Intrinsic activity against *Acinetobacter baumannii*
- ✔ Valuable in multidrug-resistant infections
- ✔ Restores antibacterial efficacy
- ✔ Protects antibiotics from bacterial resistance enzymes

Enhanced Antibacterial Coverage

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

DOCTOROM-1.5

Cefpirome Sulphate (Sterile) IP 1000 mg, Sulbactam Sodium (Sterile) IP 500 mg

Advanced β-lactam/β-lactamase inhibitor combination designed to provide broad-spectrum antibacterial activity while inhibiting susceptible β-lactamase-mediated resistance mechanisms.

WHY DOCTOROM-1.5?

- ✔ Fourth-generation cephalosporin + β-lactamase inhibitor
- ✔ Strong Gram-negative coverage
- ✔ Irreversible inhibition of several clinically relevant β-lactamases
- ✔ Useful where β-lactamase-mediated resistance is a clinical concern

NON-BETA-LACTAMS

RANGE OF INJECTABLES

Proven Anti-MRSA Efficacy

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Vancodoc 1gm | 500mg

Vancomycin Hydrochloride (Sterile) IP eq. to Vancomycin B 1000 | 500 mg

Vancomycin delivers targeted bactericidal activity against resistant Gram-positive pathogens, making it a cornerstone treatment for MRSA and other serious hospital-acquired infections.

WHY VANCODOC?

- ✔ Drug of choice for MRSA & MRSE
- ✔ Reliable option in penicillin-allergic patients
- ✔ Trusted critical care therapy
- ✔ Effective in HAP & VAP

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

β-Lactam-Free Alternative

TECONS-400 | 200

Teicoplanin IP 400mg | 200mg

Teicoplanin provides sustained bactericidal activity against resistant Gram-positive pathogens, making it a dependable choice for serious infections requiring targeted antimicrobial therapy.

WHY TECONS?

- ✔ Potent against MDR Gram-positive pathogens
- ✔ Proven efficacy against MRSA and Enterococci
- ✔ Convenient dosing with prolonged half-life
- ✔ Ideal alternative in β-lactam-allergic patients

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Excellent Tissue Distribution

DOCTO-TG-50

Tigecycline (Sterile) 50mg (As Lyophilized Powder)

A broad-spectrum glycylcycline antibiotic developed to overcome common tetracycline resistance mechanisms, providing a valuable treatment option for complicated infections caused by multidrug-resistant pathogens.

WHY DOCTO-TG-50?

- ✔ Overcomes common tetracycline resistance mechanisms
- ✔ Broad-spectrum activity against MDR pathogens
- ✔ Effective when conventional antibiotics fail
- ✔ Trusted reserve antibiotic for serious infections

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Excellent Anaerobic Coverage

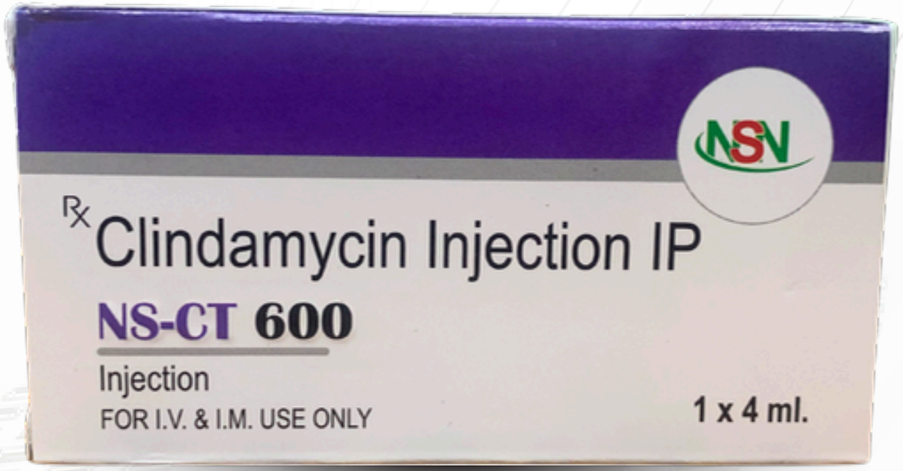

NS-CT 600

Clindamycin Phosphate IP eq. to Anhydrous Clindamycin 150mg/ml

A trusted lincosamide antibiotic with excellent anaerobic coverage and superior tissue penetration, making it an ideal choice for bone, skin, dental and deep-seated infections.

WHY NS-CT 600?

- ✔ Proven efficacy in skin and soft tissue infections
- ✔ Ideal for dental and orofacial infections
- ✔ Strong activity against Staphylococci & Streptococci
- ✔ Reliable option for deep-seated infections

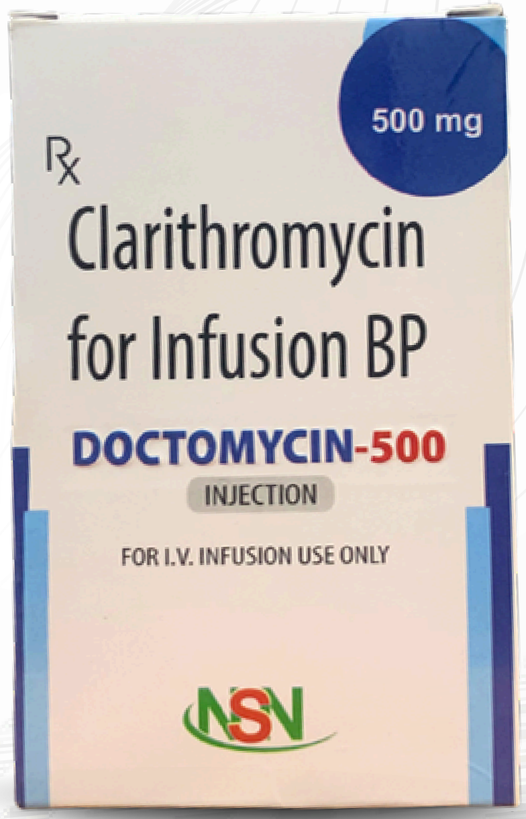

Protein Synthesis Inhibition

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

DOCTOMYCIN-500

Clarithromycin IP 500mg Lactobionic Acid q.s

A trusted macrolide antibiotic offering broad-spectrum coverage against respiratory, skin and atypical pathogens, with proven efficacy in severe bacterial infections and mycobacterial diseases.

WHY DOCTOMYCIN-500?

- ✔ Proven efficacy in Mycobacterium avium complex (MAC)
- ✔ Valuable in COPD exacerbations
- ✔ Effective against atypical respiratory pathogens
- ✔ Enhanced stability with Lactobionic Acid

Against Atypical Pathogens

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

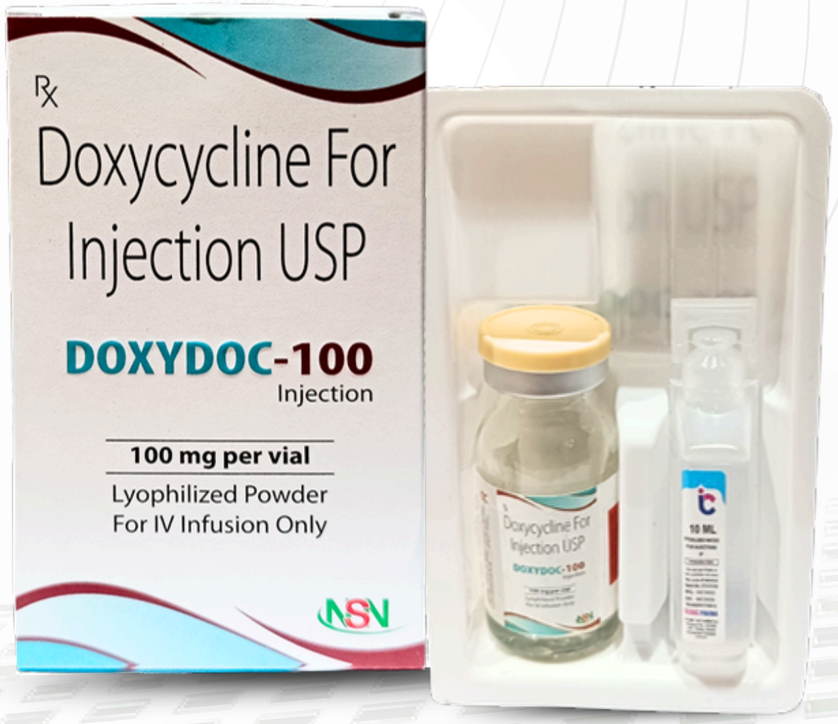

DOXYDOC-100

Doxycycline HCl I.P. eq. to Doxycycline 100mg

A broad-spectrum tetracycline antibiotic providing dependable intravenous therapy against atypical pathogens, rickettsial diseases, and serious bacterial infections when oral administration is not feasible.

WHY DOXYDOC-100?

- ✔ Effective against Mycoplasma, Chlamydia & Rickettsia
- ✔ Reliable option for severe systemic infections
- ✔ Excellent atypical pathogen coverage
- ✔ Useful in penicillin-allergic patients

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Extended Post-Antibiotic Effect

N-CIN 500

Amikacin Sulphate IP eq. to Amikacin 500mg

A potent aminoglycoside antibiotic with rapid concentration-dependent bactericidal activity, delivering reliable coverage against serious Gram-negative infections, including Pseudomonas species.

WHY N-CIN 500?

- ✔ Stable against many aminoglycoside-inactivating enzymes
- ✔ Effective against Pseudomonas infections
- ✔ Significant post-antibiotic effect (PAE)
- ✔ Ideal for combination therapy

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Inhibits Bacterial Protein Synthesis

DOCTO-AZEE 500

Anhydrous Azithromycin Dihydrate IP 500mg

A trusted macrolide antibiotic with broad-spectrum activity against Gram-positive, Gram-negative and atypical pathogens, offering effective treatment for a wide range of community-acquired and hospital-managed infections.

WHY DOCTO-AZEE 500?

- ✔ Effective against atypical respiratory pathogens
- ✔ Broad-spectrum antibacterial activity
- ✔ Proven efficacy in respiratory and systemic infections
- ✔ Long-lasting intracellular activity

Critical Care Antibiotic

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

POLYDOC-5

Polymyxin B Sulphate USP 5,00,000 Units

A potent polypeptide antibiotic reserved for the treatment of severe multidrug-resistant Gram-negative infections when conventional therapies are inadequate or ineffective.

WHY POLYDOC-5?

- ✔ Effective against MDR Gram-negative bacteria
- ✔ Combat emerging antimicrobial resistance in critical care settings
- ✔ Valuable salvage therapy option
- ✔ Potent bactericidal membrane-disrupting action

Antibacterial Therapy

NSN Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

MINODOC–100

Minocycline Hydrochloride (Lyophilized) USP 100 mg

A broad-spectrum tetracycline-class antibacterial formulation designed for the management of susceptible bacterial infections, with effective tissue distribution and activity against a range of Gram-positive and Gram-negative pathogens.

WHY MINODOC-100?

- ✔ Lipophilic profile facilitates distribution into tissues
- ✔ Useful against susceptible Staphylococcus infections
- ✔ Favorable pharmacokinetic properties
- ✔ Broad-spectrum antibacterial activity

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Dual Antibacterial Power

TOBRADOC CZ

Ceftazidime IP 1000 mg, Tobramycin IP 120 mg

A combination of a third-generation cephalosporin and an aminoglycoside, providing complementary antibacterial activity against susceptible pathogens, particularly Gram-negative organisms.

WHY TOBRADOC CZ?

- ✔ Broad-spectrum cephalosporin antibacterial activity
- ✔ Two complementary antibacterial agents in a single formulation
- ✔ Empirical therapy in selected serious infections
- ✔ Antipseudomonal activity

GASTROINTESTINAL, PAIN, & ANTI-INFLAMMATORY

AGENTS

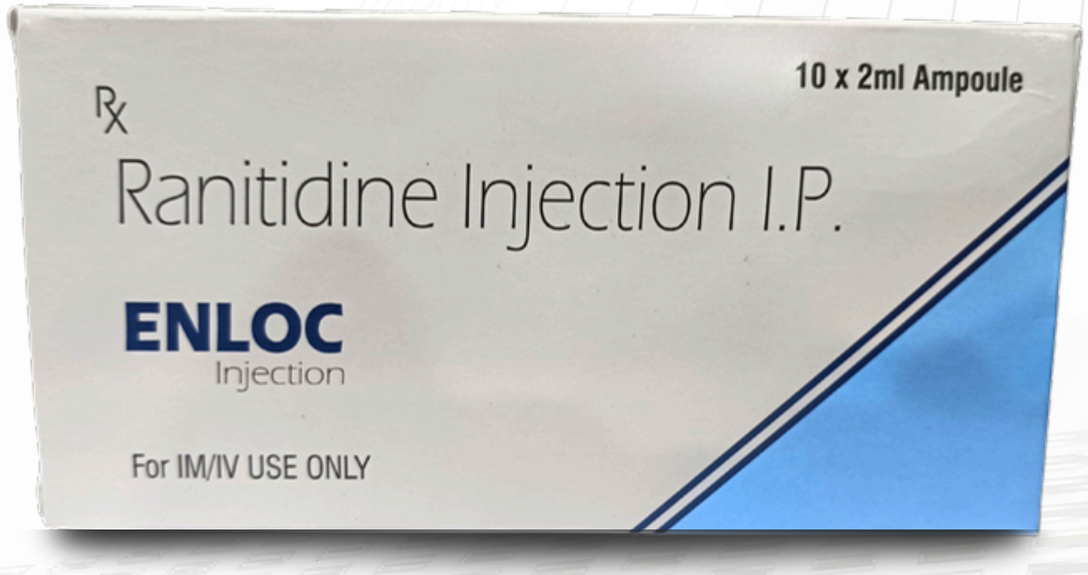

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Protects Gastric Mucosa

ENLOC

Ranitidine HCl IP 25 mg

A trusted H_2-receptor antagonist that effectively reduces gastric acid secretion, providing fast relief and protection in acid-related gastrointestinal disorders and critical care settings.

WHY ENLOC?

- ✔ Inhibits histamine H_2 receptors on gastric parietal cells
- ✔ Helps prevent stress-related mucosal damage
- ✔ Well-established safety and clinical experience
- ✔ Adjunctive therapy in acid-related upper GI conditions

Non-Anticholinergic

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

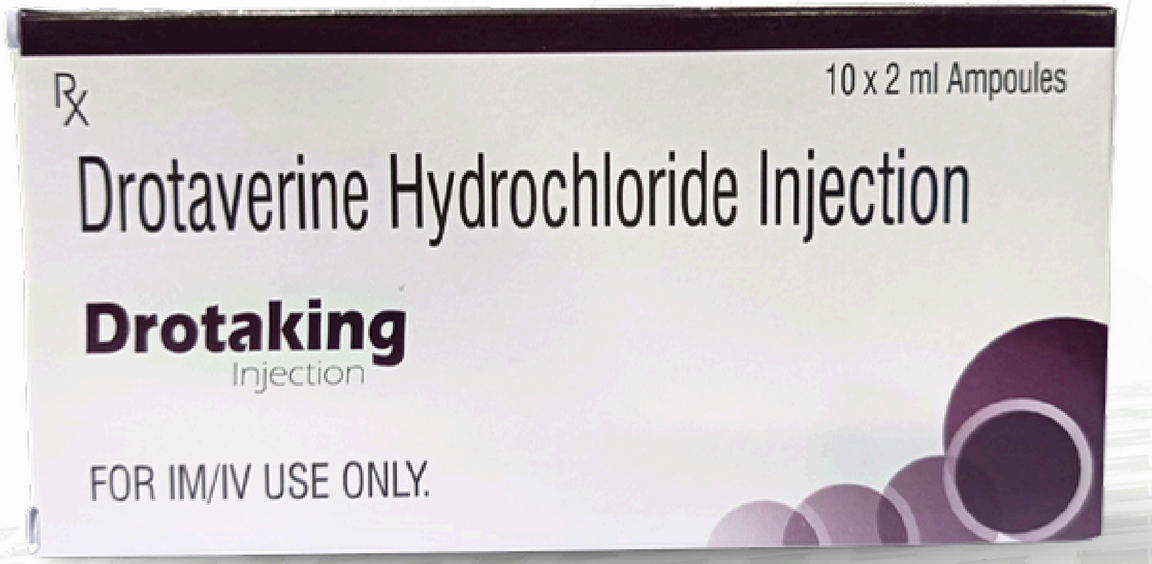

Drotaking

Drotaverine HCl IP 40mg

A potent antispasmodic agent that provides rapid relief from smooth muscle spasms and associated pain without affecting normal intestinal motility.

WHY DROTAKING?

- ✔ Phosphodiesterase (PDE-4) inhibitor
- ✔ Relieves gastrointestinal and gynecological spasms
- ✔ Trusted injectable antispasmodic therapy
- ✔ Non-anticholinergic antispasmodic

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Prolonged Acid Suppression

NS-ESM 40

Esomeprazole Sodium eq. to Esomeprazole 40mg Lyophilized

A potent proton pump inhibitor (PPI) that provides rapid and sustained acid suppression, helping control severe acid-related disorders and promoting healing of the upper gastrointestinal tract.

WHY NS-ESM 40?

- ✔ Potent proton pump inhibition
- ✔ Rapid onset with prolonged acid control
- ✔ Excellent atypical pathogen coverage
- ✔ Promotes healing of erosive esophagitis

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Stress Ulcer Prophylaxis

NS-PPN-40

Pantoprazole Sodium IP eq. To Pantoprazole 40mg Lyophilized

A potent intravenous proton pump inhibitor providing rapid, sustained acid suppression for the prevention and management of serious acid-related gastrointestinal conditions.

WHY NS-PPN-40?

- ✔ Supports prevention of stress-related mucosal damage
- ✔ Provides potent and sustained acid suppression
- ✔ Stable lyophilized formulation for emergency IV use
- ✔ Rapid and prolonged acid suppression

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Superior Reflux Control

NS-RAB 20

Rabeprazole Sodium IP 20mg Lyophilized

A fast-acting proton pump inhibitor designed to provide rapid, sustained acid suppression and effective symptom relief in severe acid-related gastrointestinal disorders.

WHY NS-RAB 20?

- ✔ Supports management of bleeding peptic ulcers
- ✔ Sustained 24-hour acid control
- ✔ Promotes healing of erosive esophagitis
- ✔ Rapid onset of action among PPIs

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Proven Antiemetic Efficacy

NS-DOM

Ondansetron Hydrochloride IP eq. to Ondansetron 2mg

A highly selective 5-HT_3 receptor antagonist that provides rapid, reliable control of nausea and vomiting across oncology, surgical and acute care settings.

WHY NS-DOM?

- ✔ Highly effective in CINV, RINV & PONV
- ✔ Dual site of action – central and peripheral
- ✔ Selective 5-HT_3 receptor antagonist
- ✔ Rapid onset antiemetic action

Rapid Analgesic Action

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

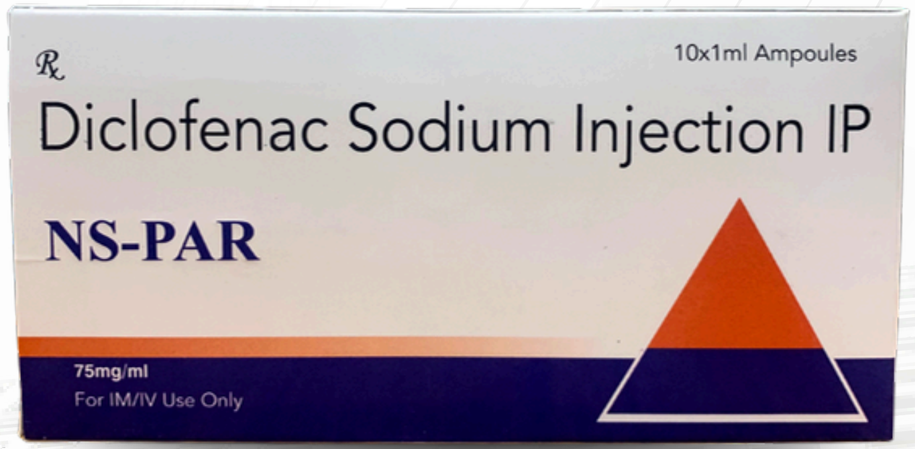

NS-PAR

Diclofenac Sodium IP 75mg

A potent injectable NSAID that delivers rapid analgesic and anti-inflammatory action for acute painful conditions, helping patients regain comfort and mobility quickly.

WHY NS-PAR?

- ✔️ Potent analgesic, anti-inflammatory & antipyretic action
- ✔️ Effective in post-operative and trauma-related pain
- ✔️ Inhibits COX-1 and COX-2 enzymes
- ✔️ Potent NSAID with rapid onset of action

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Opioid-Sparing Effect

DOCTO-MOL

Paracetamol Infusion IP 1000mg/100ml I.V. Bottles

Intravenous Paracetamol delivers rapid analgesic and antipyretic action while supporting opioid-sparing strategies and enhanced post-operative recovery.

WHY DOCTO-MOL?

- ✔ Essential component of multimodal analgesia
- ✔ Reduces opioid requirement
- ✔ One of the safest medications worldwide
- ✔ Rapid Intravenous Action

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Reduces Cardiac Preload

NS-MIDE

Furosemide IP 10mg

A potent loop diuretic that provides rapid and effective fluid removal, helping relieve congestion, edema and acute breathlessness in critical cardiovascular and renal conditions.

WHY NS-MIDE?

- ✔️ Reduces preload and cardiac workload
- ✔️ Potent loop diuretic with rapid onset
- ✔️ Supports blood pressure control
- ✔️ Effective across multiple edematous states

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Useful in Septic Shock

NSCORT-100

Hydrocortisone Sodium Succinate (Sterile) IP eq. to Hydrocortisone 100mg

Hydrocortisone provides rapid suppression of inflammatory mediators while supporting cardiovascular stability, making it an essential tool in emergency and critical care medicine.

WHY NSCORT-100?

- ✔ Rapid-acting systemic corticosteroid
- ✔ Supports hemodynamic stability in shock states
- ✔ Potent anti-inflammatory & immunosuppressive action
- ✔ Trusted adjunct in shock and severe allergic reactions

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Ideal for Pulse Therapy

NSPRED 40 | 125 | 500 | 1GM

Sterile Methylprednisolone Sodium Succinate U.S.P. eq. to Anhydrous Methylprednisolone 40mg | 125mg | 500mg | 1gm

A potent corticosteroid with rapid IV action, designed to provide powerful anti-inflammatory and immunosuppressive effects in acute, severe and life-threatening conditions.

WHY NSPRED?

- ✔ Minimal mineralocorticoid (salt-retaining) effect
- ✔ Effective in acute neurological and autoimmune emergencies
- ✔ Trusted corticosteroid for acute stabilization
- ✔ Rapid IV onset for emergency situations

NEUROLOGICAL, ANESTHESIA, & RESPIRATORY

AGENTS

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Neuroprotective Action

Citidoc

Citicoline Sodium I.P. eq. to Citicoline 250 mg

A neuroprotective and neurorestorative agent that supports neuronal membrane repair, enhances neurotransmitter synthesis and promotes recovery following acute neurological injury.

WHY CITIDOC?

- ✔ Supports phospholipid synthesis and membrane repair
- ✔ Neuroprotective against ischemic injury
- ✔ Neuroprotective and neurorestorative agent
- ✔ Promotes recovery after stroke and brain injury

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Promotes Neuroregeneration

Cognidoc-60

Cerebroprotein Hydrolysate 2100 mg (Approx) eq. to Nitrogen 60mg

An advanced neurotrophic therapy containing low molecular weight biologically active peptides that support neuronal survival, neurorepair and functional recovery following neurological injury and degeneration.

WHY COGNIDOC-60?

- ✔ Enhances neuronal survival and synaptic connectivity
- ✔ Supports cerebral metabolism and energy utilization
- ✔ Neuroprotective and neurorestorative peptide preparation
- ✔ Valuable in both acute and chronic neurological disorders

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Rapid MAP Restoration

NSNOR

Noradrenaline Bitartrate IP 2mg equivalent to Noradrenaline 1mg Water for Injections IP q.s.

A first-line vasopressor that delivers rapid and controlled blood pressure support, helping restore organ perfusion and hemodynamic stability in life-threatening shock states.

WHY NSNOR?

- ✔ Potent α_1-adrenergic vasopressor
- ✔ Reliable hemodynamic stabilization
- ✔ Rapidly increases systemic vascular resistance and blood pressure
- ✔ Maintains perfusion to vital organs

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Proven Hepatoprotective Action

MUCODOC

Acetylcysteine BP 20%w/v

A dual-action therapy offering powerful hepatoprotective and mucolytic benefits, essential for managing paracetamol toxicity and conditions associated with excessive respiratory mucus.

WHY MUCODOC?

- ✔️ Gold-standard antidote for paracetamol overdose
- ✔️ Protects against liver cell damage
- ✔️ Potent mucolytic and antioxidant agent
- ✔️ Replenishes glutathione stores

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Potent Antimuscarinic Action

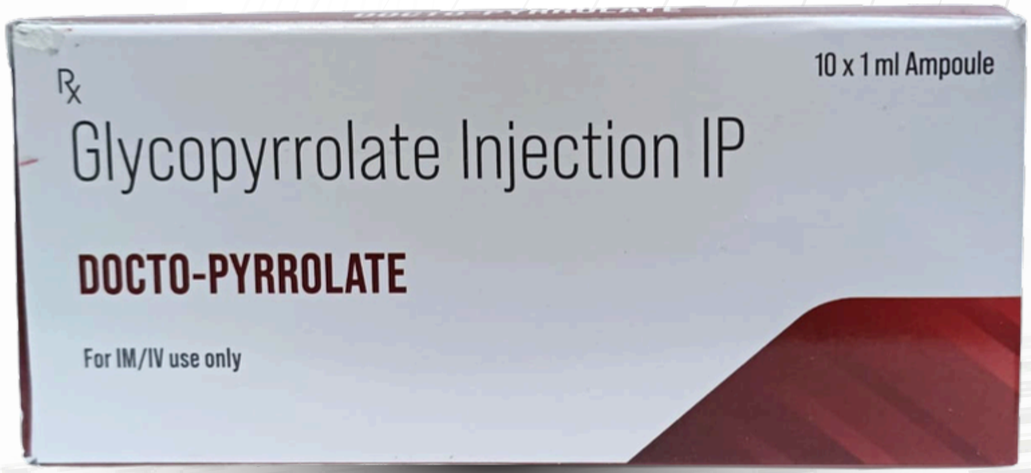

DOCTO-PYRROLATE

Glycopyrrolate IP 0.2mg

A selective antimuscarinic agent that effectively reduces secretions, prevents vagal-induced bradycardia and supports smooth hemodynamic stability during surgical and critical care procedures.

WHY DOCTO-PYRROLATE?

- ✔ Rapid control of salivary and respiratory secretions
- ✔ Supports smooth anesthetic management
- ✔ Reliable peri-operative hemodynamic stability
- ✔ Longer duration of action than atropine

Restores Muscle Strength

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

DOCTO-NEO PYRROLATE

Glycopyrrolate I.P. 0.5 mg, Neostigmine Methylsulphate I.P. 2.5 mg

A balanced combination designed for safe and effective reversal of neuromuscular blockade, ensuring rapid recovery of muscle function while protecting patients from unwanted cholinergic effects.

WHY DOCTO-NEO PYRROLATE?

- ✔ Reliable reversal of non-depolarizing neuromuscular blockade
- ✔ Reduces muscarinic adverse effects of neostigmine
- ✔ Supports safe extubation and recovery
- ✔ Enhances peri-operative safety and recovery outcomes

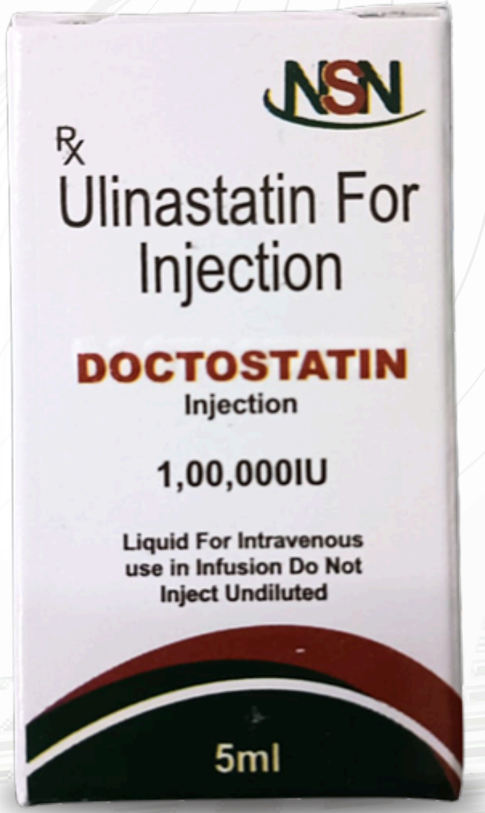

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Improves Microcirculation

DOCTOSTATIN

Ulinastatin JP 1,00,000 IU

A balanced combination designed for safe and effective reversal of neuromuscular blockade, ensuring rapid recovery of muscle function while protecting patients from unwanted cholinergic effects.

WHY DOCTOSTATIN?

- ✔ Reduces capillary leakage and tissue edema
- ✔ Helps suppress cytokine storm
- ✔ Broad-spectrum protease inhibitor
- ✔ Trusted adjunct in intensive care management

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Dual Bronchodilator Power

NUSILIN 3

Levosalbutamol 1.25mg & Ipratropium Bromide 500mcg Respirator Solution (Respules)

Levosalbutamol stimulates β2-receptors to relax airway smooth muscles, while Ipratropium inhibits cholinergic bronchoconstriction, providing complementary and sustained bronchodilation.

WHY NUSILIN 3?

- ✔ Dual bronchodilator therapy
- ✔ Combines β2-agonist and anticholinergic actions
- ✔ Nebulized formulation ensures targeted drug deposition
- ✔ Enhances airflow, reduces airway resistance

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Direct Nebulized Delivery

NUSILIV- 0.63/0.31

Levosalbutamol Inhalation Solution 0.63/0.31mg (Respules)

Levosalbutamol, the active R-isomer of salbutamol, provides targeted bronchodilation with enhanced efficacy and improved tolerability, making it a preferred choice in asthma and COPD management.

WHY NUSILIV?

- ✔ Selective β2-receptor action
- ✔ Improves airflow and lung function
- ✔ Better tolerability than racemic salbutamol
- ✔ Ideal for nebulization therapy

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Improves Lung Function

NUSICORT 1mg | 0.5mg

Budesonide Nebuliser 1mg/0.5mg (Respules)

Budesonide directly targets airway inflammation, providing effective long-term control of asthma symptoms while improving lung function and reducing exacerbation risk.

WHY NUSICORT?

- ✔ Potent inhaled anti-inflammatory action
- ✔ Reduces airway hyperresponsiveness
- ✔ Helps prevent asthma exacerbations
- ✔ Targeted nebulized delivery for optimal efficacy

HEMATOLOGICAL, NUTRITIONAL, & METABOLIC

AGENTS

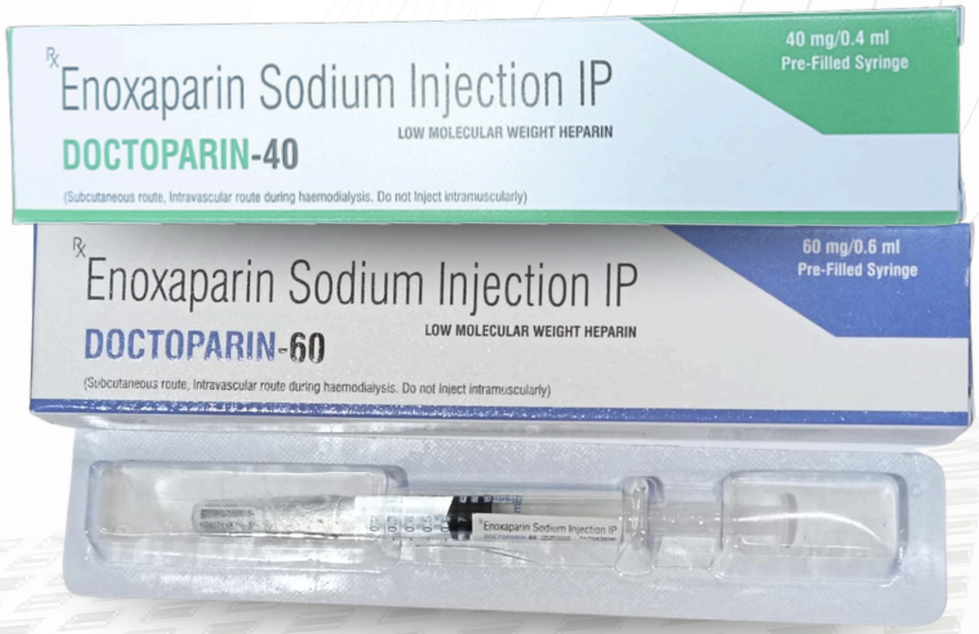

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Prevents Clot Extension

DOCTOPARIN-60 | 40

Enoxaparin Sodium IP 60mg/40mg (Eq. to 6000 | 4000 IU Anti factor Xa units)

A Low Molecular Weight Heparin (LMWH) offering predictable anticoagulant activity, effective thrombus prevention and proven protection against venous and arterial thromboembolic events.

WHY DOCTOPARIN?

- ✔ Potent and predictable anticoagulant action
- ✔ Lower risk of HIT compared to unfractionated heparin
- ✔ Selective Anti-Factor Xa activity
- ✔ No routine aPTT monitoring required

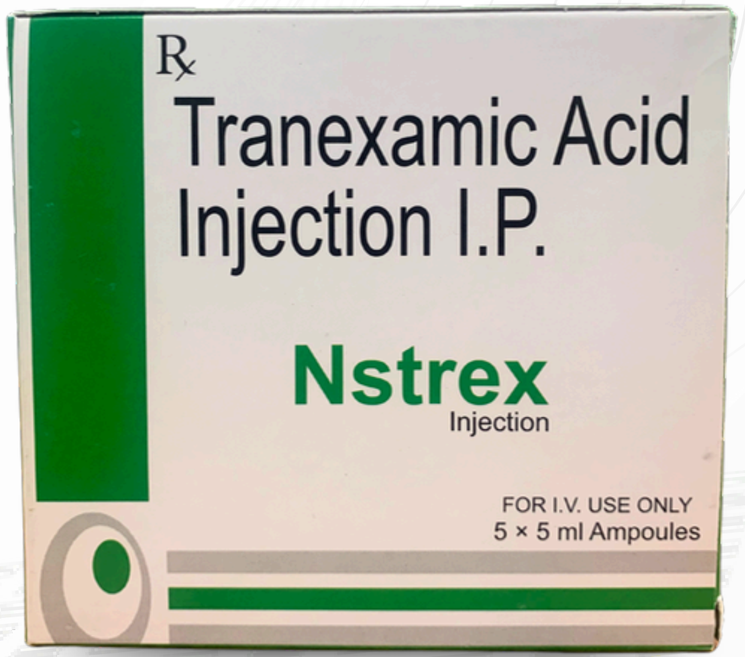

Rapid Hemostatic Support

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Nstrex

Tranexamic Acid IP 100mg/ml

A potent antifibrinolytic agent that rapidly stabilizes blood clots, reduces excessive bleeding and helps preserve circulating blood volume during critical hemorrhagic situations.

WHY NSTREX?

- ✔ Reduces blood loss and transfusion requirements
- ✔ Lower risk of HIT compared to unfractionated heparin
- ✔ Rapid IV onset for emergency bleeding control
- ✔ Potent antifibrinolytic action

Stable Iron Complex

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

FePURA 500 | 1K

Ferric Carboxymaltose Injection

An advanced intravenous iron formulation designed for rapid replenishment of iron stores, effective correction of iron deficiency anaemia, and sustained hematologic recovery.

WHY FEPURA?

- ✔ High-dose iron replacement in a single sitting
- ✔ Stable non-dextran iron complex
- ✔ Intravenous iron replacement therapy
- ✔ Supports hemoglobin and myoglobin synthesis

Specialized Renal Nutrition

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

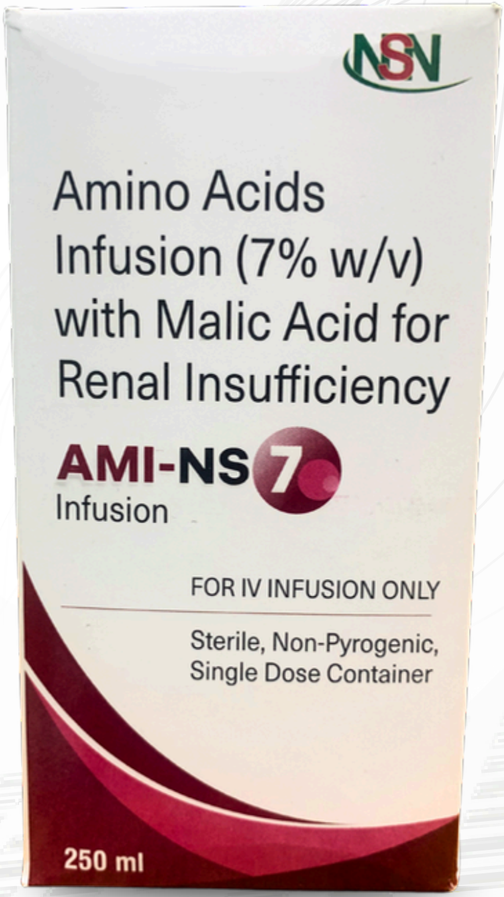

AMI-NS 7

Amino Acids Infusion (7% W/V) with Malic Acid

A specialized parenteral nutrition formulation designed to provide essential amino acids and metabolic support for patients with renal insufficiency, helping maintain nutritional status while supporting recovery and metabolic balance.

WHY AMI-NS 7?

- ✔ Renal-focused nutritional support
- ✔ Assists metabolic and energy requirements
- ✔ Reduce protein catabolism during illness
- ✔ Helps maintain nitrogen balance

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Supports Nerve Regeneration

MNP-FORTE

Methylcobalamin IP 1500mcg, Niacinamide IP 100mg, Pyridoxine IP 100mg

A comprehensive neurotropic vitamin combination designed to support nerve repair, improve neuronal function and restore vitality in neuropathic and deficiency-related conditions.

WHY MNP-FORTE?

- ✔ Trusted therapy in neuropathic disorders
- ✔ Enhances cellular energy metabolism
- ✔ Promotes myelin sheath formation
- ✔ Supports DNA synthesis & repair

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Enhances ATP Production

NUSITINE

Levocarnitine IP 1.0gm

An essential metabolic therapy that enhances cellular energy production by facilitating mitochondrial fatty acid transport, supporting cardiac function, muscle performance and recovery during metabolic stress.

WHY NUSITINE?

- ✔ Enhances mitochondrial performance
- ✔ Supports cardiac and skeletal muscle function
- ✔ Corrects primary and secondary carnitine deficiency
- ✔ Boosts cellular energy production

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Master Antioxidant Support

NS-GLO-600

Glutathione USP 600mg Lyophilized

A potent antioxidant therapy designed to replenish intracellular glutathione levels, support detoxification pathways and protect cells from oxidative stress and inflammatory damage.

WHY NS-GLO-600?

- ✔ Supports hepatic detoxification
- ✔ Enhances antioxidant defense mechanisms
- ✔ Protects tissues from oxidative injury
- ✔ Naturally occurring intracellular antioxidant

NSN
Never Stop Nurturing
NSN PHARMACARE PVT. LTD.
• WHO & GMP Quality Products
RANGE OF PRIMARY CARE MEDICINES

BETA-LACTAM ANTIBIOTICS

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Oral Antibiotic Therapy

CEFU-NS 500

Cefuroxime Axetil IP eq. to Anhydrous Cefuroxime 500mg

Cefuroxime Axetil is a trusted second-generation cephalosporin antibiotic providing effective treatment against a wide range of bacterial infections with proven clinical performance.

WHY CEFU-NS 500?

- ✔ Potent activity against Streptococcus species
- ✔ Effective in respiratory & ENT infections
- ✔ Good safety and tolerability profile
- ✔ Proven efficacy in Community Acquired Pneumonia (CAP)

Broader Antibacterial Coverage

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

CEFU-NS CV

Cefuroxime Axetil IP eq. to Cefuroxime 500mg, Potassium Clavulanate Diluted IP eq. to Clavulanic Acid 125mg

A powerful combination of Cefuroxime and Clavulanic Acid that delivers broad-spectrum antibacterial coverage with added protection against β-lactamase-mediated resistance.

WHY CEFU-NS 500?

- ✔ β-lactamase inhibitor protection
- ✔ Enhanced spectrum against susceptible pathogens
- ✔ Improved efficacy against resistant organisms
- ✔ Reliable coverage for dental and skin infections

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Powerful Dual Mechanism

Clavudoc-625

Amoxycillin Trihydrate IP eq. to Amoxycillin 500mg,
Potassium Clavulanate Diluted IP eq. to Clavulanic Acid 125mg

A powerful combination of Amoxycillin and Clavulanic Acid offering enhanced antibacterial coverage and resistance protection for effective infection management.

WHY CLAVUDOC-625?

- ✔ Broad-spectrum antibacterial activity
- ✔ Low MIC against common causative organisms
- ✔ Stable in the presence of gastric acid
- ✔ Enhanced efficacy against β-lactamase producing bacteria

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Powerful Dual Mechanism

Nsxime-200 DT

Cefixime IP (As Trihydrate) eq. to Anhydrous Cefixime 200mg (Dispersible Tablets)

A third-generation cephalosporin antibiotic with broad-spectrum activity against Gram-positive and Gram-negative bacteria, offering reliable infection control and convenient dispersible dosing.

WHY NSXIME-200 DT?

- ✔ Effective against Gram-positive & Gram-negative pathogens
- ✔ Well absorbed from the gastrointestinal tract
- ✔ Reliable clinical efficacy across multiple infections
- ✔ Convenient dispersible formulation

NON BETA-LACTAM ANTIBIOTICS

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

High Oral Bioavailability

VORIDOC-200

Voriconazole IP 200mg

A second-generation triazole antifungal with broad-spectrum activity, excellent tissue penetration, and proven efficacy against invasive fungal pathogens.

WHY VORIDOC-200?

- ✔ Drug of choice for invasive aspergillosis
- ✔ Potent activity against Aspergillus species
- ✔ Excellent lung & CNS penetration
- ✔ Effective against Candida infections

Superior Tissue Penetration

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

DOCTOAZEE 250 | 500

Azithromycin Dihydrate IP eq. to Anhydrous Azithromycin 250mg | 500mg

A broad-spectrum macrolide antibiotic with excellent tissue penetration, prolonged half-life, and convenient short-course therapy for enhanced patient compliance.

WHY DOCTOAZEE?

- ✔ Effective against atypical & intracellular pathogens
- ✔ Excellent tissue & intracellular penetration
- ✔ Anti-inflammatory & immunomodulatory properties
- ✔ Effective short-course therapy

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Excellent Tissue Penetration

NSL-600

Linezolid IP 600mg

A potent oxazolidinone antibiotic with proven efficacy against resistant Gram-positive pathogens, making it a valuable option for serious and deep-seated infections.

WHY NSL-600?

- ✔ Active against MRSA & VRE pathogens
- ✔ Excellent lung and bone penetration
- ✔ Effective in deep-seated infections
- ✔ Proven efficacy in MDR bacterial infections

GASTROINTESTINAL & HEPATOBILIARY SYSTEM

Enteric-Coated Stability

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

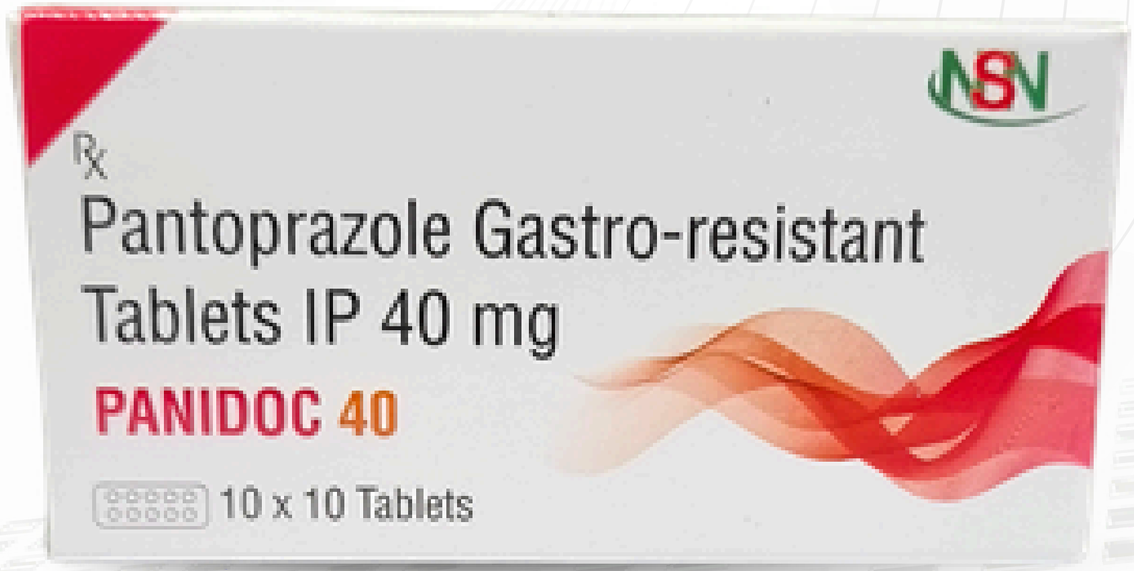

PANIDOC 40

Pantoprazole 40mg

A trusted proton pump inhibitor (PPI) that provides potent and sustained acid suppression, promoting rapid symptom relief and effective healing of acid-related gastrointestinal disorders.

WHY PANDOC 40?

- ✔ Potent and sustained acid suppression
- ✔ Effective control of GERD symptoms
- ✔ Once-daily gastric protection
- ✔ Excellent safety profile

Cools Down the Acid

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

NS ESM-40

Esomeprazole Tablets IP 40 mg

A next-generation proton pump inhibitor that provides potent, sustained acid suppression for effective relief from reflux symptoms and healing of acid-related gastrointestinal disorders.

WHY NS ESM-40?

- ✔ Powerful and prolonged acid suppression
- ✔ Promotes healing of erosive mucosal damage
- ✔ Rapid onset, sustained relief
- ✔ Supports post-gastric surgery care

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Promotes Ulcer Healing

NS-ESM DSR

Esomeprazole Magnesium 40mg & Domperidone IP 30mg

A synergistic combination of a proton pump inhibitor and a prokinetic agent that provides superior relief from acid reflux, dyspepsia and gastric motility disorders.

WHY NS-ESM?

- ✔ Dual-action acid control & motility enhancement
- ✔ Promotes faster gastric emptying
- ✔ Controls nausea and dyspepsia
- ✔ Maintains a favorable gastric pH for healing

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Restores Gastric Motility

Ns-Cool DSR

Gastro-resistant Pantoprazole 40mg & Prolonged-release Domperidone 30mg

A scientifically balanced combination of a proton pump inhibitor and a gastroprokinetic agent that provides sustained acid suppression while restoring normal gastric motility for complete reflux control.

WHY NS-COOL DSR?

- ✔ Dual-action control of acid reflux and gastric dysmotility
- ✔ Promotes healing of acid-related mucosal damage
- ✔ Improves gastric transit and minimizes dyspeptic symptoms
- ✔ Once-daily convenience for better compliance

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Complete GERD Management

NS-RAB DSR

Rabeprazole Sodium 20mg (EC) & Domperidone 30mg (SR)

A powerful combination of rapid acid suppression and sustained gastroprokinetic action that provides comprehensive relief from reflux, heartburn, dyspepsia and associated gastrointestinal discomfort.

WHY NS-RAB DSR?

- ✔ Rapid and potent acid suppression
- ✔ Supports healing of acid-related mucosal damage
- ✔ Effective control of heartburn and acid regurgitation
- ✔ Eliminates nausea and vomiting associated with GERD

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Non-Cramping Relief

Cremadoc-Plus

Sodium Picosulfate (3.33mg), Liquid Paraffin (1.25ml), Milk Of Magnesia (3.75ml)

A triple-action laxative formula that stimulates bowel movement, softens stools and facilitates comfortable evacuation for effective constipation management.

WHY CREMADOC PLUS?

- ✔ Triple-action constipation relief
- ✔ Stimulates colonic peristalsis
- ✔ Facilitates painless defecation
- ✔ Useful in elderly, bedridden and post-operative patients

Healthy Bile Flow

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

LIVEAZY-300 | 450

Ursodeoxycholic Acid 300mg/450mg

A comprehensive hepatoprotective therapy that improves bile flow, enhances liver function, supports detoxification, and helps dissolve cholesterol gallstones for better hepatobiliary health.

WHY LIVEAZY?

- ✔ Supports cholesterol metabolism
- ✔ Protects liver cells from bile acid-induced injury & toxicity
- ✔ Facilitates smooth bile drainage and helps reduce cholestasis
- ✔ Reduces hepatic fat accumulation

Restores Natural Bowel Rhythm

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Liveazy Lactulose

Solution

Lactulose Solution 10gm USP

A gentle and effective osmotic laxative that promotes natural bowel movements, relieves constipation and supports gut health without the risk of dependence.

WHY LIVEAZY LACTULOSE?

- ✔ Stimulates natural peristalsis
- ✔ Gentle and predictable bowel evacuation
- ✔ No risk of habituation
- ✔ Beneficial in Hepatic Encephalopathy

Holistic Liver Care

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

LIVEAZY-ALD

An Ayurvedic Health Care Tonic For Liver

A holistic Ayurvedic liver tonic that supports hepatobiliary health, promotes detoxification and improves digestive function for comprehensive liver care.

WHY LIVEAZY ALD?

- ✔ Facilitates elimination of metabolic toxins and supports liver detoxification
- ✔ Improves gastrointestinal wellness
- ✔ Supports healthy liver metabolism and helps reduce hepatic stress
- ✔ Aids recovery in chronic liver disorders

NEUROLOGICAL SYSTEM

Rapid Seizure Control

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

CITRADOC-500 750

Levetiracetam IP 500mg | 750mg

A broad-spectrum antiepileptic drug with a unique mechanism of action, minimal drug interactions, and excellent tolerability for effective seizure management.

WHY CITRADOC?

- ✔ Effective in partial & generalized seizures
- ✔ Suitable for elderly & comorbid patients
- ✔ Excellent tolerability profile
- ✔ Unique SV2A-mediated mechanism

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Calms Overactive Nerve Signals

DOCTO-PREGA 50 | 75

Pregabalin IP 50mg | 75mg, Colours: Yellow Oxide of iron & Titanium Dioxide IP

A trusted neuromodulator that helps manage neuropathic pain, fibromyalgia, anxiety disorders, and seizure disorders by reducing abnormal nerve signal transmission.

WHY DOCTO-PREGA?

- ✔ Adjunctive therapy for partial onset seizures
- ✔ Proven efficacy in fibromyalgia
- ✔ Helps reduce nerve hypersensitivity
- ✔ Useful in generalized anxiety disorder

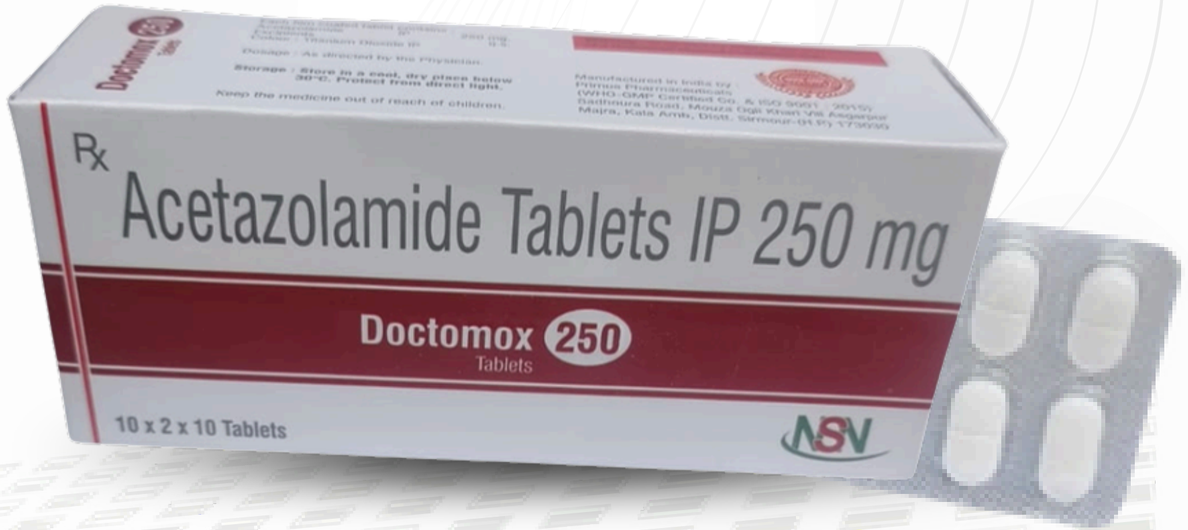

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Corrects Metabolic Alkalosis

Doctomox 250

Acetazolamide 250mg

Acetazolamide provides targeted carbonic anhydrase inhibition to lower intraocular pressure, reduce CSF production and support fluid and acid-base regulation across multiple clinical settings.

WHY DOCTOMOX 250?

- ✔ Proven benefit in altitude-related hypoxia prevention
- ✔ Decreases cerebrospinal fluid production
- ✔ Mild yet effective diuretic action
- ✔ Reduces intraocular pressure effectively

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Supports Nerve Health

CARNIDOC

L-Carnitine-L-Tartrate 500 mg, L-Arginine 100 mg, Cyanocobalamin 1.2 mcg, Vitamin E (50%) 10 mg, Magnesium Oxide 50 mg

A targeted nutritional formulation designed to support cellular energy metabolism, neuromuscular function and cardiovascular physiology, while addressing increased nutritional requirements.

WHY CARNIDOC?

- ✔ Supports nerve function and energy metabolism
- ✔ Vitamin E helps protect cells from oxidative stress
- ✔ Promotes cardiovascular wellness
- ✔ Provides antioxidant protection

CARDIOVASCULAR-RESPIRATORY ISSUES

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Dual Action Allergy Control

NS-MON LC

Levocetirizine Dihydrochloride IP 5mg,
Montelukast Sodium IP eq. to Montelukast 10mg

A powerful anti-allergic combination that provides 24-hour relief from allergic symptoms while supporting long-term asthma management.

WHY NS-MON LC?

- ✔ Effective in allergic rhinitis associated with asthma
- ✔ Reduces bronchoconstriction
- ✔ Low sedation potential
- ✔ Controls nasal allergy symptoms

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Effective Mucus Breakdown

NS-LEX-LS

Levosalbutamol Sulphate 1mg, Ambroxol Hydrochloride 30mg & Guaiphenesin 50mg

A triple-action respiratory formula that dilates airways, loosens thick mucus and promotes effective expectoration for faster relief from productive cough and chest congestion.

WHY NS-LEX-LS?

- ✔ Bronchodilator + Mucolytic + Expectorant
- ✔ Promotes effective expectoration
- ✔ Loosens thick mucus and phlegm
- ✔ Ambroxol reduces mucus viscosity, making secretions easier to expel

Effective Cough Suppression

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

NS-LEX

Dextromethorphan Hydrobromide IP 10mg, Chlorpheniramine Maleate IP 2mg, Phenylephrine Hydrochloride IP 5mg

A synergistic combination of Dextromethorphan, Chlorpheniramine and Phenylephrine providing fast, multi-symptom relief from cough, cold and flu-related discomfort.

WHY NS-LEX?

- ✔ Controls nasal allergic symptoms
- ✔ Phenylephrine reduces nasal mucosal swelling, restores easier airflow
- ✔ Reduces sinus pressure
- ✔ Combines antitussive, antihistamine and decongestant actions

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Dual Bronchodilator Power

NUSILIN 3

Levosalbutamol 1.25mg & Ipratropium Bromide 500mcg Respirator Solution (Respules)

Levosalbutamol stimulates β2-receptors to relax airway smooth muscles, while Ipratropium inhibits cholinergic bronchoconstriction, providing complementary and sustained bronchodilation.

WHY NUSILIN 3?

- ✔ Dual bronchodilator therapy
- ✔ Combines β2-agonist and anticholinergic actions
- ✔ Nebulized formulation ensures targeted drug deposition
- ✔ Enhances airflow, reduces airway resistance

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Makes Breathing Easier

NSPREY

Sodium Chloride 0.9% w/v Nasal Solution

A gentle and natural isotonic saline nasal spray that moisturizes nasal passages, relieves congestion and supports healthy nasal hygiene.

WHY NSPREY?

- ✔ Natural nasal decongestion
- ✔ Ideal before nasal steroid use
- ✔ Post-nasal surgery care
- ✔ Improves breathing comfort

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Improves Lung Function

NUSICORT 1mg | 0.5mg

Budesonide Nebuliser 1mg/0.5mg (Respules)

Budesonide directly targets airway inflammation, providing effective long-term control of asthma symptoms while improving lung function and reducing exacerbation risk.

WHY NUSICORT?

- ✔ Potent inhaled anti-inflammatory action
- ✔ Reduces airway hyperresponsiveness
- ✔ Helps prevent asthma exacerbations
- ✔ Targeted nebulized delivery for optimal efficacy

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Direct Nebulized Delivery

NUSILIV- 0.63/0.31

Levosalbutamol Inhalation Solution 0.63/0.31mg (Respules)

Levosalbutamol, the active R-isomer of salbutamol, provides targeted bronchodilation with enhanced efficacy and improved tolerability, making it a preferred choice in asthma and COPD management.

WHY NUSILIV?

- ✔ Selective β2-receptor action
- ✔ Improves airflow and lung function
- ✔ Better tolerability than racemic salbutamol
- ✔ Ideal for nebulization therapy

ANALGESICS & ANTI-INFLAMMATORY AGENTS

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Rapid Fever Reduction

Doctomol-650 | 500

Paracetamol IP 500mg | 650mg

A trusted analgesic and antipyretic, provides reliable pain and fever relief through central prostaglandin inhibition, with excellent tolerability and a well-established safety profile.

WHY DOCTOMOL?

- ✔ Trusted first-line analgesic and antipyretic
- ✔ Minimal effect on platelet function
- ✔ Gentle on the gastrointestinal tract
- ✔ Suitable for Long-Term Use

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Dual-Release Technology

DOCTOMOL-1000

Paracetamol IP 300mg (IR), Paracetamol IP 700mg (SR)

A dual-release paracetamol formulation designed to provide rapid onset pain relief through immediate-release action and prolonged symptom control through sustained-release technology.

WHY DOCTOMOL 1000?

- ✔ Dual-release paracetamol technology
- ✔ Sustained pain relief for extended hours
- ✔ Proven analgesic and antipyretic
- ✔ Well-established efficacy and safety

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Enhanced Pain Threshold

TRAUMAKING

Tramadol Hydrochloride IP 37.5mg & Acetaminophen (Paracetamol) IP 325mg

A synergistic dual-action analgesic combination that delivers effective pain relief through complementary central and peripheral mechanisms, helping patients regain comfort and mobility.

WHY TRAUMAKING?

- ✔ Better tolerability for long-term pain management
- ✔ Dual-action analgesic formula
- ✔ Central & peripheral pain control
- ✔ Neurotransmitter-mediated relief

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Rapid Pain Relief

NS-DOL SP

Aceclofenac IP 100mg, Paracetamol IP 325mg, Serratiopeptidase IP 15mg

A powerful triple-action combination that provides effective pain relief, reduces inflammation and swelling, and promotes faster recovery in musculoskeletal and post-traumatic conditions.

WHY NS-DOL SP?

- ✔ Cartilage protection support
- ✔ Triple-action pain management
- ✔ Effective in acute & chronic painful conditions
- ✔ Supports enhanced blood flow to affected tissues

Anti-Edema Action

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

NS-ZYME

Trypsin BP 96mg, Bromelain 180mg & Rutoside Trihydrate BP 200mg

A powerful enzyme-antioxidant combination designed to reduce inflammation, edema and tissue damage, promoting faster recovery following trauma, surgery and inflammatory conditions.

WHY NS-ZYME?

- ✔ An effective non-NSAID alternative
- ✔ Anti-inflammatory & anti-edematous action
- ✔ Reduces edema, hematoma & inflammation
- ✔ Promotes post-surgical recovery

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Accelerates Edema Resolution

Chymodoc Fort

1,00,000 Armour Units of enzymatic activity supplied by a purified concentrate which has specific trypsin and chymotrypsin activity in a ratio of approximately six to one

A powerful proteolytic enzyme formulation designed to reduce inflammation, edema and tissue damage, promoting faster healing and recovery following trauma, surgery and infection.

WHY CHYMODOC FORT?

- ✔ Accelerates resolution of edema & hematoma
- ✔ Improves antibiotic penetration
- ✔ Specifically degrades fibrin deposits around inflamed tissues
- ✔ Enhanced proteolytic action against inflammatory proteins

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Improves Joint Mobility

Etodoc 90

Etoricoxib IP 90mg

A selective COX-2 inhibitor providing potent anti-inflammatory and analgesic action with reduced gastric irritation and convenient once-daily dosing.

WHY ETODOC 90?

- ✔ Targets inflammation and pain while sparing COX-1 activity.
- ✔ Effective in acute & chronic inflammatory conditions
- ✔ Lower risk of gastric irritation compared to non-selective NSAIDs
- ✔ Convenient once-daily therapy enhances treatment adherence

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Effective Muscle Relaxation

Etodoc-MR

Etoricoxib IP 60mg, Thiocolchicoside IP 4mg

Etoricoxib suppresses inflammatory mediators through selective COX-2 inhibition, while Thiocolchicoside provides central muscle relaxation, helping restore movement and reduce pain-associated disability.

WHY ETODOC MR?

- ✔ Selective COX-2 inhibition with improved gastric tolerability
- ✔ Relieves painful muscle stiffness and restricted movement
- ✔ Dual-action relief from inflammation and muscle spasm
- ✔ Once-daily anti-inflammatory control

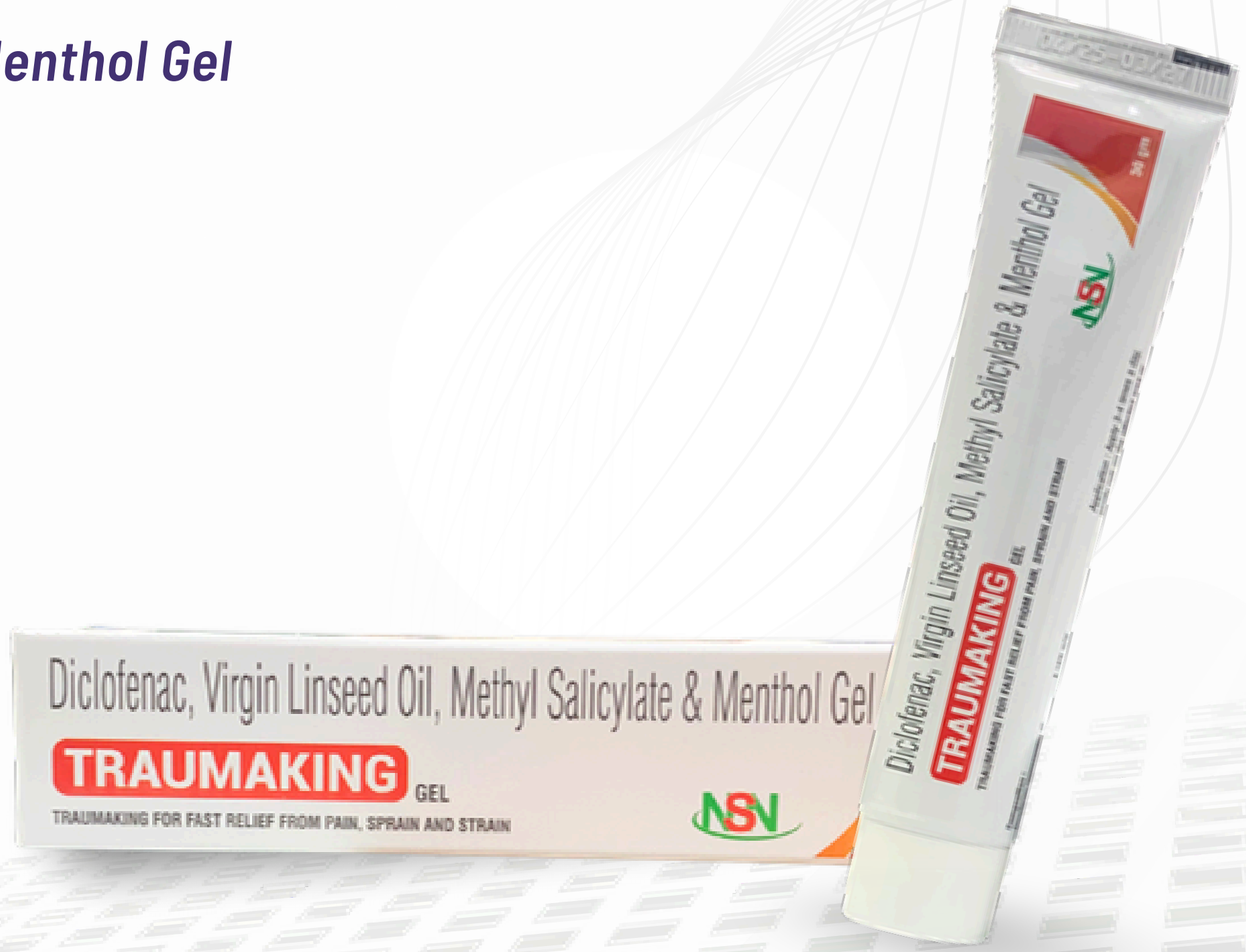

Rapid Pain Relief

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

TRAUMAKING

Diclofenac, Virgin Linseed Oil, Methyl Salicylate & Menthol Gel

Four-way action against pain – anti-inflammatory, analgesic, cooling and penetration-enhancing benefits in one gel.

WHY TRAUMAKING?

- ✔ Enhanced penetration for deeper relief
- ✔ Minimal systemic exposure
- ✔ Counter-irritant activity
- ✔ Effective in sprains, strains & sports injuries

NUTRACEUTICALS & HEMATOLOGIC AGENTS

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Stimulates Platelet Production

ELTRODOC

Eltrombopag Olamine eq. to Eltrombopag (as free acid)

Eltrombopag stimulates thrombopoietin receptors to enhance megakaryocyte maturation and platelet production, helping achieve sustained platelet count recovery.

WHY ELTRODOC?

- ✔ Trusted thrombopoietin receptor agonist
- ✔ Effective platelet count improvement
- ✔ May reduce need for platelet transfusions
- ✔ Supports bone marrow recovery

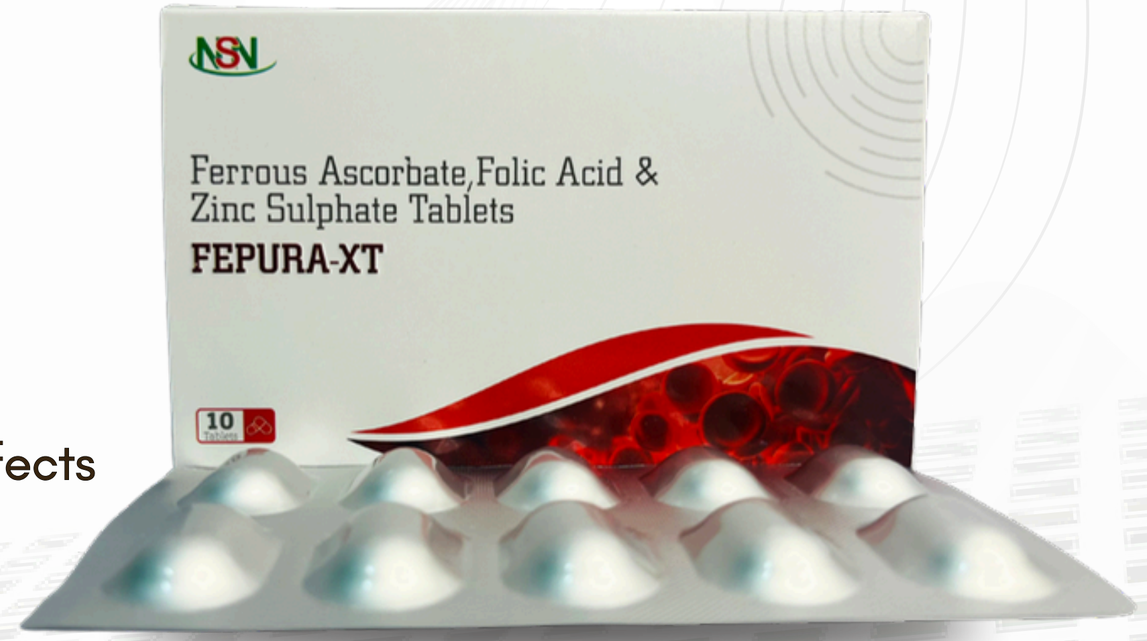

Superior Hematinic Formula

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

FEPURA-XT

Ferrous Ascorbate 100mg, Folic Acid 1.5mg & Zinc Sulphate 22.5mg

A scientifically backed hematinic formulation combining highly bioavailable Ferrous Ascorbate, Folic Acid and Zinc to support rapid hemoglobin recovery and optimal hematological health.

WHY FEPURA-XT?

- ✔ Gold-standard ferrous ascorbate therapy
- ✔ A synergistic combination of iron, folic acid and zinc
- ✔ Helps reduce the risk of folate deficiency-related birth defects
- ✔ Superior iron absorption and utilization

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Oral Support for Melasma

NSTREX

Tranexamic Acid 500mg

A scientifically proven oral depigmenting therapy that helps reduce melasma severity, control excess melanin production and minimize recurrence for more even-toned skin.

WHY NSTREX?

- ✔ Ideal adjunct to dermatological procedures
- ✔ Suppresses UV-induced melanocyte activation
- ✔ Complements lasers, peels & topical therapies
- ✔ Reduces melasma severity and pigmentation intensity

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Fills Nutritional Gaps

PKR-Q10

Ubidecarenone 100mg, L-Carnitine 50mg, L-Arginine 100mg, Lycopene 6% 4000mcg, Selenium 100mg, Omega 3 Fatty Acid 150mg & Methylcobalamin 1500mcg

A comprehensive nutritional formula enriched with antioxidants, cardiovascular nutrients, neuro-supportive vitamins and cellular energy enhancers to support overall health and well-being.

WHY PKR-Q10?

- ✔ Supports cellular energy production
- ✔ Powerful antioxidant protection
- ✔ Coenzyme Q10 plays a vital role in ATP production
- ✔ Cancer supportive care

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Nano Curcumin Technology

Nezcumin

Nano Curcumin (30%) 500mg & Piperine 5mg

A highly bioavailable curcumin formulation enhanced with Piperine to improve absorption, providing powerful antioxidant, anti-inflammatory and wellness support.

WHY NEZCUMIN?

- ✔ Enhanced curcumin absorption
- ✔ Helps neutralize free radicals and reduce oxidative stress
- ✔ Powerful anti-inflammatory action
- ✔ Antioxidant protection and whole-body wellness

Active Neurovitamin Therapy

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

MECODOC-OD

Methylcobalamin IP 1500mcg

A high-strength formulation of the active form of Vitamin B12, designed to support nerve regeneration, improve neurological function and correct Vitamin B12 deficiency.

WHY MECODOC-OD?

- ✔ Active form of Vitamin B12
- ✔ Essential for DNA synthesis
- ✔ Promotes myelin sheath formation
- ✔ Convenient once-daily therapy

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Metabolic Health Support

NS-3G

Lycopene 10% 5000mcg, Grape Seed 50mg, Green Tea 50mg, Ginseng 45.5mg, Vitamin B6 3mg, Folic Acid 1mg, Methylcobalamin 1500mcg, Zinc 13mg, Selenium 100mcg, Copper 50mcg & Magnesium Oxide 0.5mg

An advanced antioxidant and nutritional supplement formulated to support immunity, cardiovascular health, energy metabolism and overall well-being.

WHY NS-3G?

- ✔ Supports healthy aging and metabolic health
- ✔ Advanced antioxidant defense
- ✔ Promotes cardiovascular wellness
- ✔ Supports immunity & vitality

Bone Health Support

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

DOCTO-CAL D3

Calcium Carbonate 1250mg From an Organic Source (Oyster Shell) eq. to elemental Calcium 500mg, Cholecalciferol (Vitamin D3) IP 250 I.U. (As Stablized)

A scientifically balanced calcium and vitamin D3 supplement designed to support bone strength, enhance calcium absorption and maintain overall musculoskeletal health.

WHY DOCTO-CAL D3?

- ✔ Provides 500 mg elemental calcium
- ✔ Enhances calcium absorption with Vitamin D3
- ✔ Helps maintain muscle & nerve function
- ✔ Promotes healthy bone mineralization

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Fuel Your Bones

DOCTIROL
Sachets

Cholecalciferol IP 60,000 IU

High-potency Cholecalciferol therapy designed to restore Vitamin D levels quickly while supporting bone health, muscle performance and immune resilience.

WHY DOCTIROL?

- ✔ Rapid correction of Vitamin D deficiency
- ✔ Enhances calcium & phosphorus absorption
- ✔ High-potency loading dose
- ✔ Convenient weekly supplementation

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

High-potency Vitamin D3

NS-D3

Cholecalciferol IP 60,000 I.U. (In Nano Droplets form)

An advanced nano-formulated Vitamin D3 supplement designed for enhanced absorption, rapid replenishment of Vitamin D stores and optimal bone health support.

WHY NS-D3?

- ✔ Nano droplet technology for enhance bioavailability
- ✔ Supports calcium absorption & bone mineralization
- ✔ Clinically trusted 60,000 IU Vitamin D3 therapy
- ✔ Strengthens immunity and muscle function

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Improves Muscle Function

NS-D3 60K

Vitamin D3 (Cholecalciferol) 60,000 I.U. (Softgel Capsules)

High-potency Cholecalciferol 60,000 IU therapy that restores Vitamin D levels, optimizes calcium utilization and supports long-term skeletal health.

WHY NS-D3 60K?

- ✔ Helps reduce fracture and fall risk
- ✔ Essential for proper growth and development in children and adults
- ✔ Supports neuromuscular health, balance and physical performance
- ✔ Helps prevent rickets and osteomalacia

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Supports Bone Mineralization

DOCTOCAL-PLUS

Calcium Citrate 1000mg, Magnesium Oxide 50mg, Zinc Sulphate 15mg, Boron 500mcg, Vitamin K2-7 50mcg, Vitamin D3 600 IU

A comprehensive bone health formulation combining highly bioavailable calcium with essential cofactors to support bone density, strength and healthy calcium metabolism.

WHY DOCTOCAL-PLUS?

- ✔ Advanced calcium absorption and utilization
- ✔ Directs calcium to bones, not arteries
- ✔ Vitamin K2-7 advantage
- ✔ Zinc & Boron synergy

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Advanced Antioxidant Defense

Zamvit-L

Lycopene with Multivitamin, Multimineral & Antioxidant

An advanced nutritional formulation enriched with antioxidants, vitamins and minerals to support immunity, recovery, energy metabolism and overall well-being across all age groups.

WHY ZAMVIT-L?

- ✔ Comprehensive nutritional supplementation
- ✔ Helps reduce oxidative stress
- ✔ Supports healthy homocysteine metabolism
- ✔ Strengthens immune defenses

OPHTHALMIC LUBRICANTS

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Relieves Dry Eye Symptoms

NS-TEARS

Sodium Carboxymethyl-Cellulose 0.5% w/v

Sodium Carboxymethylcellulose forms a protective lubricating layer over the ocular surface, providing sustained hydration and effective relief from dry eye symptoms.

WHY NS-TEARS?

- ✔ Mimics natural tears to provide effective hydration
- ✔ Stabilizes the natural tear film
- ✔ Relieves burning, itching & irritation
- ✔ Supports post-LASIK eye care

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Excellent Ocular Penetration

Moxydoc
Eye Drops

Moxifloxacin HCl IP 0.5% w/v

A broad-spectrum fourth-generation fluoroquinolone eye drop that delivers rapid bactericidal action against common ocular pathogens, helping ensure fast recovery and protection of ocular health.

WHY MOXYDOC?

- ✔ Fourth-generation fluoroquinolone antibiotic
- ✔ Inhibits bacterial DNA replication
- ✔ Broad-spectrum ocular pathogen coverage
- ✔ Trusted choice for bacterial eye infections

Never Stop Nurturing
NSN PHARMACARE PVT. LTD.

Anti-Inflammatory Action

Moxydoc-D
Eye Drops

Moxifloxacin HCl IP 0.5% w/v, Dexamethasone 0.1% w/v

A powerful ophthalmic combination that provides broad-spectrum antibacterial protection along with potent anti-inflammatory action, helping accelerate recovery and improve patient comfort.

WHY MOXYDOC-D?

- ✔ Combines antibiotic and steroid therapy
- ✔ Broad-spectrum antibacterial protection
- ✔ Reduces redness, swelling and irritation
- ✔ Ideal for post-operative and inflammatory ocular conditions
